CLASH DELAYS 'ACRES' ZONING

Lawyer Says 'Build Homes Elsewhere'

Representatives of industry clashed with Adobe Acres homeowners Wednesday at a zoning hearing before the County Planning Commission.

The 'Acres dwellers want their area zoned for more homes and against further factories. The factory spokesmen made it plain they consider Niles' western suburbs a natural industrial site.

Against the urging of the industrialists that the issue be delayed, Commissioner Fred Mellman had it re-scheduled for March 10, with a decision slated to be rendered two days later.

George Roeding Jr., Niles, declared at the hearing he is willing to have his 250-acre California Nursery included in residential zoning. The homeowners had stopped their proposed agricultural-residential zone at Rock Avenue, just short of the nursery.

Lined up against residential zoning were the Western Pacific Railroad, the Pacific States Steel Corp., and the Santa Cruz Portland Cement Company. Rhodes & Jamieson, cement and gravel firm, abstained from active opposition. Kraftile, represented by Charles Kraft, also stayed aloof from the controversy. Kraft explained he merely wants his plant protected in its present uses.

John C. Houlihan, attorney for Santa Cruz Cement, who also identified himself as "chairman of the Oakland City Planning Commission," said:

"Existence of homes in this area is merely a 'happenstance.' It violated all the laws of good planning to have them next to factories." He argued since the factories already are there, the homes ought to give up gracefully.

E. C. Parks, for the Niles Merchants' Association, warned that Niles is hemmed in by railroads, creek and highways, and has no other place to build new homes.

Houlihan took issues. Said he: "Don't take that statement at its face value. It's made by proponents."

Commissioner George Dugan jumped on this. He demanded:

"Can you make any suggestion where else Niles could grow?"

"I haven't made a study of it," replied Houlihan. "But surely there is someplace else in the general area for homes." When Dugan disputed this, Houlihan shifted to delaying tactics.

He seized on a recommendation by Commission Secretary J. J. Thomas that the issue could be tabled until Adobe Acres is fitted into the Washington Township "master plan."

But Mellmann stepped in with the assertion that "people in the area are alarmed, they've asked for zoning, and it's our

Boosts Asked In Niles and Decoto

Water rates for most users in Niles will double—and will rise 35 per cent in Decoto—if increases asked here Wednesday are granted by the State Public Utilities Commission.

The Citizens Utilities Company of California, which supplies both towns, wants to boost its overall rate. For consumers who use the present minimum of 5000 gallons per month, the boost would mean water bills would climb from $1 in Niles to $2.03. In Decoto, where a differential has been maintained, rates would be upped from $1.50 to $2.03, wiping out the differential.

Commissioner P. E. Mitchell took the request under advisement for a decision by the commission at a later, unannounced date.

At the hearing in Niles School auditorium, George H. Johnson, attorney for the water company, asserted:

1. The company has not changed rates for 35 years.

2. It cannot attract investors at the present rate of return here.

Johnson produced figures showing the company made only $7700 here in 1951 and $7300 in 1952. Revenues in 1952 were $46,100, he said, while expenses totaled $24,290, taxes $6900, and depreciation $7645.

In addition, the attorney complained, the company lost its two largest local customers, the Southern Pacific Railroad and the Masonic Home, both of which have turned to other supplies.

Sole opposition came from the Decoto Chamber of Commerce, represented by President Manuel Hidalgo. He declared:

1. The differential rate has been unfair to Decoto.

2. Poorly-located pipes make for low pressure in Decoto mains.

The company's request includes a reduction in the minimum gallonage from 5000 to 4500, for which $1.90 would be charged in both towns. For 7500 gallons the charge would be $2.70; and for 15,000 gallons, $4.70.

QUIZZER, QUIZZED — A tense moment in last week's Niles Chamber of Commerce meeting came when Dr. Tom Wilson (standing, left) asked Supervisor Chester E. Stanley (center) to explain county policies governing its annual Fair. Stanley had asked to explain salary raise request, but Fair issue was set off by George Oakes (seated). At right is Chamber President C. W. Chrysler. (Register Photo)

ASK HOMES 'TWIXT TRACKS IN DECOTO

Decoto wants industry, but not at the expense of being split in half.

This was the sense of a special meeting of the local Chamber of Commerce called Tuesday night to hear the township "Master Plan" explained by Planning Commission Secretary John Jay Thomas.

Chamber President Manuel Hidalgo announced his group wants:

1. Residential rather than industrial zoning between the Western Pacific and Southern Pacific tracks through the town.

2. Widening of Whipple and Decoto Roads as Freeway "feeders."

3. Industrial development north of Whipple Road.

Thomas' maps show industrial areas between the railroads. Said Hidalgo:

"We favor more industry, but we're also afraid that plan would split the town in half."

Hidalgo said an open meeting on further zoning of Decoto and vicinity will be called March 3.

IT AIN'T PEANUTS! SUNFLOWER SEEDS!

Sheriff's deputies today were looking for the Sunflower Seed burglar.

The burglar invaded the home of Vincent Garcia at 1335 Carroll Street, Hillview Crest, last week-end and took two piggy banks containing $61 and a $50 pair of binoculars.

But like the picturesque criminals of fiction, he left some tell-tale clues: the shells of sunflower seeds, scattered about the house. Officers deduced he is a devotee of the salty appetizers.

No evidence of entry was found, but Garcia said many of the homes in the tract can be opened with the same key.

One of the small banks later was found smashed open near Garcia's home.

CHAMBERS PLEDGED MASTER PLAN MAPS

Staff members of the Alameda County Planning Commission, meeting last week in the County Building with some 90 interested persons, agreed to give Washington Township groups copies of their suggested Master Plan.

John J. Thomas, secretary of the planning commission, said blank maps also will be forwarded so that chambers of commerce and other bodies may fill in their own ideas about future zoning.

The concession was made on insistence of Maurice Marks of Mission San Jose and Gordon Cotton of Newark. They pointed out that Thomas' men have been reluctant to send out copies of the proposed Master Plan without planning staff members to interpret them for the public. Marks and Cotton said the chambers want to discuss it themselves.

Thomas spent the best part of three hours interpreting the Master Plan as it pertains to Niles, Centerville and Newark. It was first presented here in mid-November.

A committee to recommend possible changes in the proposed Master Plan was voted on Monday by the Centerville Chamber of Commerce.

Eugene Manning asked for the committee to be appointed to iron out potential disagreements on zoning before the chamber's ideas are presented at a future public hearing.

"We realize some changes will

Check Suspect Held

A 40-year old German national who has spent much of his time in America behind bars was ordered held here this week on charges of passing bogus checks on Irvington merchants.

Richard E. Leigh, unemployed stove worker, was arrested after two stores said he took them for $35. Leigh has a prior conviction and reportedly is wanted in other states on similar counts.

Judge E. A. Quaresma set bail at $5000.

Newark Commissioner?

Newark wants a voice on the County Planning Commission.

The local Chamber of Commerce voted Tuesday to request a representative from Newark be named if a vacancy on the commission comes up sometime this month.

WHAT A STRAIN! WHERE'S RAIN?

Cattlemen and sheep ranchers here gazed aloft at clearing skies this week and wondered what happened to the spring rains.

No water has fallen in the Township since a half-inch shower January 20, and hills which grew green early under a plentiful winter downfall are starting to turn brown in spots.

The grazing situation may grow serious unless rain falls in a few days, the ranchers warned. Season's total to date is 13.55 inches. Last year on this date it was almost double that.

IT'S A HOLIDAY

Next Monday, February 23, will be a legal holiday here in observance of Washington's Birthday. Banks, schools and public offices will be closed. So will some—but not all—stores.

Bonds Seen to Open Zone 6 for Growth

3 SEEK IRVINGTON POSTMASTER JOB

Three candidates today were reported in the running for the $4600-a-year Irvington postmastership, slated to fall vacant February 28 with retirement of veteran Postmaster Manuel C. Joseph.

The three are Ernest Vayssie, farmer and real estate agent; Leland Steinmetz, grocer, and William Maloney, electrician.

Steinmetz, a Democrat who is prominent in veterans' affairs, and Vayssie, a registered Republican, have circulated petitions backing their candidacy. The petitions have been forwarded to Senator William F. Knowland.

According to law, the postmaster will be named from the top three candidates in a civil service test, to be given some six months hence. Party affiliation is not taken into consideration in the test. In the meantime, however, an interim postmaster normally is appointed.

This appointment is made by President Eisenhower, on recommendation of Senator Knowland. The senator in turn normally acts on recommendation of the County Central Committee—the Republican committee in this case.

Since the recent death of Newark's Arthur T. Biddle, Washington Township has been without a GOP central committee representative. The county committee is to meet this week to pick a new one.

Prominently mentioned for the job is Vernon Ellsworth of Niles. If selected, Ellsworth will have a large voice in choosing the interim postmaster and in selecting the permanent postmaster from the top three in the ex-

Stanley Tells Warm Springs CC

Drainage of storm water in Zone 6 probably will be financed by public bond issue rather than by assessment or taxation, Supervisor Chester E. Stanley told the Warm Springs Chamber of Commerce last week.

"I feel it's impractical to get enough money by taxes to do the work," Stanley explained. "Besides bonds are the most democratic way to do it." Bonds require a two-thirds majority vote.

Herbert Crowle, engineer for the county's Flood Control District of which the new zone is a part, said he hopes to build a series of canals perpendicular to Highway 17 to drain the area from the hills to the bay.

Crowle declined to estimate the cost involved, but said it might be "several hundred thousand dollars," of which "the main cost will be borne by the subdividers, since most of the work will be in their subdivisions."

Stanley reminded the chamber audience if more than half of the zone's landowners protest, projects will not be started.

But if a bond issue fails, he added, the supervisors still can finance individual projects with a direct tax, though he characterized this as "piecemeal"

Melvin Leal demanded why the zone had been established, since he denied there is any need for it yet. Crowle answered:

"The Eastshore Freeway will be finished to Warm Springs in a year and the only thing that could keep this area from going ahead would be lack of drainage."

Stanley interposed:

"Since Zone 5 failed, we're going to have to deny Centerville's subdivisions, for lack of drainage. Wells won't do it."

Bruce Michael, who said he had been "on the fence" about Zone 6, told the audience he now "has seen the light" and approves it.

WILSON WANTS THE FACTS ON RAISE

Last week's turbulent session of the Niles Chamber of Commerce found an echo this week when one of the participants, Dr. Tom Wilson, sparked a move to get the facts about the proposed Supervisor's pay raise.

Dr. Wilson won approval of a chamber resolution asking State Sen. Arthur Breed to give his explanation of the bill which Supervisor Chester Stanley explained last week.

"We ought to find out if this would tie the supervisors' salaries to those of superior court judges ($16,750) like Mr. Stanley said they do in Los Angeles," the dentist declared.

He stressed the bill doesn't come before the Legislature until April, so no chamber action would be necessary until full information was received.

Niles lunchers read a letter from their Centerville brothers (1) opposing a raise for County Supt. of Schools Vaughn D. Seidel and (2) endorsing a "study" of the supervisors' pay hike. The letter was a copy of one sent to State Legislators.

FORD PLANT SET FOR MILPITAS; TOWNSHIP EFFECT IS SEEN

Milpitas had the last laugh on the vaudeville comedians today with the announcement that the $35,000,000 Ford car assembly plant definitely will be located at the first town south of Washington Township.

The word set off immediate speculation about what effect the giant factory will have on this area. Virtually everyone agreed it will bring increased business and housing to the Township.

Official announcement that the eagerly-eyed plant will settle on a 160-acre plot just east of Milpitas came from L. D. Crusoe, vice-president in charge of Ford production. Crusoe was in San Francisco this week for a convention.

He said most of Ford's Richmond assembly operations will be moved to the Santa Clara Valley community, once the traditional butt of vaudeville jokes for its obscurity. Rumors to that effect have been current for two weeks.

Crusoe's announcement confirmed reports the land is being purchased from the Western Pacific Railroad, which several months ago purchased a large piece for future industrial sale, much as the Southern Pacific has done in Newark.

Newark and Decoto, among other towns, were reportedly considered for the site.

The plant will contain more than 1,000,000 square feet of space, and will employ more than 3000 men, Crusoe said. It should be completed in about two years. Richmond operations of Ford will not shut down, he added, but will "be fitted into expanded West Coast operations.

This week at the Warm Springs Chamber of Commerce meeting, members speculated that the factory will bring an influx of subdivisions and new business to the south end of the Township.

The Lady Vanishes

Hildegarde Garni Pelton, 32-year-old German bride sought in the kiss-shooting of her husband near Niles February 1, was still a jump ahead of the police of half a dozen Western states today.

Blond Hildegarde, who is charged with the murder of her ex-GI spouse, William, in a dense fog on Nursery Road, is believed to have skipped into Mexico, according to latest reports reaching the sheriff's substation here.

Officers traced her to Los Angeles after hitch-hiking a ride in Niles. Then she took a bus to Oklahoma, but vanished somewhere enroute. She reportedly shot William six times through the head, then planted a smear of lipstick on his forehead before fleeing through the night.

INDUSTRY HONORS SEEN BY NILES CC

Honors to local industry and regular meeting dates were approved Tuesday by the merchants' committee of the Niles Chamber of Commerce.

The group voted (1) to recommend to its parent body that a dinner be staged to cement relations with executives of all factories around Niles, and (2) to meet for breakfast on the first Tuesday of each month.

Chairman E. C. Parks explained "the town faces growing pains and we need to know our neighbors better and each other better."

At the suggestion of Robert Blacow, it was decided also to ask the parent chamber that periodical luncheons be held to exchange views with individual plant managers.

Mrs. Mello Dies

Death came last week in the Warm Springs home of a daughter to Mrs. Eugenia D. Mello, 85, formerly of San Jose.

Mrs. Mello had been living with her daughter, Mrs. Adeline M. Santos. Survivors also include the following children: Manuel Mello of Centerville, Antone Mello of San Jose, and Mrs. Mary M. Castro of Niles.

Services were Friday and interment was in St. John's Cemetery, Milpitas.

The Fels Planetarium in Philadelphia was opened in 1933.

Kennedy's Troop No. 113 is making puppets for the "Girl Scout at Work and Play" show to be held at the Hayward High School in April.

MISS SHEA CITED BY NEWARK P.T.A.

Miss Mary Shea, kindergarten teacher, received an honorary P. T. A. life membership at the last meeting of the Newark PTA. Principal Jack MacGregor made the presentation, saying: "Mary has dedicated her life to the education of our youth. No woman in the State do I esteem more highly in the field of education; parents in Newark are very fortunate in having Miss Shea here. She came to our school when it was very small and has seen it grow to its maximum."

Miss Shea graduated from San Francisco State, then came to the Newark School. She has been vice-principal for 16 years and was acting principal from 1941 to 1946 while MacGregor was in the service.

She is past president of the Alameda County Teachers Association and is a member of the Delta Kappa Gamma, women's honorary sorority for women in education.

MODEL PLANE MEET HERE NEXT SUNDAY

Newark's Model Busters were hosts for the Western Associated Modelers at the Youth Center on February 13. The modelers will stage the first model plane meet ever held in this area next Sunday at the High School athletic field (rain date March 1).

Events will include a 180-lap race, combat and stunt flying and Academy Model Aeronautics speed time trials. There will be two practice circles open all day for beginners and anyone who would like to help in flying the models. Participants from 40 different clubs numbering 100 contestants are expected. The meet will be free to the public.

Dwain Wood of Newark is contest director and will be assisted by Ronald Andrus, Gordon Kibby, and L. E. Scott. Five trophies will be awarded, two for the 180-lap event, one for stunts, and two for combat.

The meet will start at 9 o'clock; the lap race will be held from 10 to 1 o'clock, and the combat 1 to 4

It will be the first WAM meet of the year. In 1952 the Newark Model Busters won a total of 58 points to the 39 points won by all other Northern California clubs. Cliff Andrus, 11 years old, won the advanced stunt flying trophy for 1952 and Bill Wood, 14, won the Northern California elimination contest.

LOSE LICENSES

Repeated traffic violations cost two local motorists their drivers' licenses, the State Department of Motor Vehicles reported this week. Suspensions went to Lorenzo O. Gonzales of 912 E Street, Decoto, and Joe J. Vega of Alvarado. Lack of insurance in an accident meant a suspension to Clifton Arnold of Newark.

Nab Safeway Burglars

Burglary of Centerville's Safeway Store here last month has been cleared up, according to Sheriff's Lt. L. R. Creighton, with the arrest of four Russell City youths who confessed the crime.

The quartet was arrested when two members, Sylvester Flores, 23, and Manuel Perez, 21, were nabbed early this month burglarizing a Safeway store in Hayward. They then implicated Tony Gimeno, 18, and a 17-year-old juvenile.

Part of several hundred dollars in local loot, mainly cartons of cigarets, was recovered, Creighton said, with subsequent arrest of a Russell City poolhall operator who admitted buying the cigarets from Perez. All four will appear in Hayward for the burglary there, and will then be charged with the local felony.

WIFE BEATING RAP

Frank Cordero, 35, of Decoto, was sentenced to 60 days in jail this week on a wife-beating count. Judge E. A. Quaresma noted it was Cordero's second offense

WASHINGTON HIGH 8 WIN AWARDS AT

Recognition for outstanding citizenship and scholarship was given to eight students of Washington Union High School today with the announcement by Principal J. V. Goold of selection of Bank of America Achievement Award recipients.

Chosen by the school's faculty and administration to receive Achievement Award cups for excellence in general fields of study were:

Kyoshi Katsumoto of Jarvis Road, in laboratory science, and Ed Dawson of Niles, in English.

Certificate awards for superiority in specific fields of study will be presented to:

Frank Richmond, Alvarado, mathematics; Marilyn Walker, Niles, music; Paul Thomsen, Irvington, social science; Joyce Castro, Centerville, business; Eva Bassignani, Centerville, home economics; and Leroy Brown, Newark, agriculture.

Cup winners are eligible for selection to regional events in later stages of the Achievement Awards program, which culminates in two presentations of cash awards totalling $18,000, one of them May 15 in Sacramento, and the other May 22 in San Francisco.

Sacramento judgings cover students in schools in 39 Northern counties. San Francisco selections are of students from nine Bay Area counties.

Achievement Awards program is conducted by Bank of America in conjunction with high schools throughout the state. Purpose of the program is to give recognition and encouragement to graduating seniors of public and private secondary schools who have made outstanding scholastic and citizenship records while in school. The awards are made by impartial judges on the basis of the student's achievement in school and promise of future success and service to society.

PLANNER TO SPEAK HERE FEBRUARY 24

The public is invited next Tuesday to a meeting of local Women for Better Government, non-partisan group, in the County Building at 10 a.m.

John Jay Thomas, secretary of the County Planning Commission, will discuss master planning, according to Mrs. Harold Korell

amination.

Observers point out that Washington Township has not had a Republican postmaster since Joseph Brown of Warm Springs, who was appointed in 1913 by President William Howard Taft.

Manuel Joseph, who is retiring under age provisions, was honored Tuesday at a meeting of county postmasters in Oakland. Joseph has 17 years of service. Joseph received a gift from the postmasters' association in recognition of his work in bringing Irvington from a third-class office to a second-class one with receipts of $12,000 last year.

CHARGE REDUCED

Carl Head of Newark, accused of breaking into a Niles apartment to remove some clothes, won reduction of burglary charges this week and pleaded guilty to malicious mischief. Judge E. A. Quaresma set March 10 for sentencing.

duty to do the best we can in the time before growth overwhelms them."

Then he moved successfully to "submit the matter for determination March 18," with the special open hearing set for March 16.

In opposing residential zoning, Carl Mangum, general agent for the Western Pacific Railroad, whose tracks form part of the proposed area's south boundary, warned:

"We are bringing industries to this county, and we want a band of industrial land 2000 feet wide along our tracks. There are other places where homes can be built. If we are excluded from this county by homes, we'll have to extend our promotional efforts elsewhere."

S. H. Dobrzensky, for the steel mill, said Pacific States management fears it will be surrounded and prevented from expanding by homes.

Uncertainty about what land should be included prompted Mellmann's move to defer action. The 'Acres petition generally takes in territory between the tracks and between the Nursery and Kraftile.

have to be made to the planning commission's proposal," Manning declared. "For instance, they haven't allotted much industry for Centerville, and many of us think light industry at least ought to be located along the railroads here.

"Then there'll probably have to be spot-zoning to take care of existing industries in areas shown on the plan as residential."

Chamber President William Clark agreed to name the committee March 2. The chamber's regular session next Monday is postponed because of the holiday.

At the March 2 meeting, new officers also will be installed by Judge Allen G. Norris.

Niles P.T.A. News

Niles Elementary School P.T.A.'s recent guest speaker was Captain Richard Condon of the Centerville substation, who spoke on Civil Defense.

The P.T.A. unit's past presidents were extended an invitation to attend the Founders' Day meeting. Past presidents attending were: Mrs. Roland Bendel, Mrs. E. A. Ellsworth, Mrs. Florence Myrick, Mrs. Frank Andrade and Mrs. John Cattaneo. Each were presented with a corsage. A past president's pin was presented to Mrs. Cattaneo, last year's president.

Mothers who marched on the February 3 polio drive netted a total of $736.47, it was reported.

President Mrs. Frank Souza named a committee to select the officers for next term: Mrs. Laverne Dickerson, third grade teacher; Mrs. Les Cotter, Mrs. Alfred Wilde, Mrs. Allen Hubbard and Mrs. Frank Andrade.

The unit will hold its salvage drive March 9. Paper sacks will be furnished to the children to take home to collect old rags.

Next meeting will be March 17 at 7 p.m. Mrs. Frank Lewis and Mrs. Ernest Lange, third grade room mothers, will be in charge of refreshments.

While Mr. Bendel was away, Mrs. Bendel visited with her sister, Mrs. E. C. Wood of Mill Valley.

Dance Class

The South American Dance Class, a section of the Country Club of Washington Township, is being instructed by Mrs. Wilma Peters of Centerville. Mrs. Maurice Marks of Mission San Jose is chairman.

Irvington P.T.A. Chooses Officers

Members of the Irvington PTA last week approved the selection of new officers presented by the nominating committee. The following were chosen for this year:

Mrs. Lawrence Dutra, president; Mrs. Fred Kuhne, first vice-president; Mrs. Gus Robertson, second vice-president; Mrs. Martha Stone, recording secretary; Mrs. Raymond Bass, corresponding secretary; Mrs. Donald Pressley, treasurer; Mrs. Charles Brewer, historian; Mrs. Edward Hughes, auditor; Mrs. Tom Pereira, parliamentarian; Mrs. Robert Lind and Mrs. Tom Ferria, delegates; Mrs. John Hupman and Mrs. Roy Clark, alternates.

Life membership pins were awarded to Mrs. Martha Stone and Mrs. Raymond Bass. This award is usually presented to only one member each year, but these two ladies were chosen for their outstanding contributions to the Irvington PTA over the past several years in serving as officers, chairmans and on committees. Mrs. Stone also received the past president pin.

A short Founders' Day program was presented by a group, headed by Mrs. Alma Dutra. Mrs. Joe Burnsed reported the date set for the annual carnival will be May 8-9, Friday and Saturday. Mrs. Walter Connolly was appointed program chairman, Mrs. Bass and Mrs. Stone, booths chairmen, and Mrs. Joe Burnsed and Mrs. Fred Kuhne in charge of tickets and publicity.

"Vaseline" is a coined word, taken from the German "wasser," water, and the Greek "elaoin," oil.

Valentine Engagement

Mr. and Mrs. George Enos of Irvington announced the engagement of their daughter, Dorothy Edna, to LaVerne Ferreira of Newark, with a family party at their home on February 14. A scroll in the heart of a red rose keyed to the Valentine theme revealed the secret to each guest as they came in.

The bride-elect is a graduate of Washington Union High School where she is employed as registrar.

Her fiance is the son of Mr. and Mrs. Frank Ferreira of Newark. He also is a graduate of Washington Union High School and Heald's College and is now employed as a sales tax auditor for the State Board of Equalization. He is a veteran of World War II.

The couple plan a summer wedding.

Benefit Whist

A whist party for the benefit of the repair fund of St. Anne's Church in Alvarado, will be held in the SDES Hall, Alvarado, at 8 p.m., Friday, February 27. Warren Silva, Manuel Pinto and Mrs. Mamie Silveira are on the committee.

Mrs. Roy Rose, for many years a resident of Niles, is now recuperating at her home, 1625 Walnut Street, Livermore, following a serious operation.

In Hospital

Mrs. Bea Fournier of Niles is ill in Alameda Hospital.

CENTENNIAL MAY BUDGET $20,000

A tentative budget of about $20,000 was indicated at the first meeting of the Alameda County Centennial Commission Tuesday.

Half would come from the county, and the balance from cities and the Fair Association, members intimated.

The money would be used to stage a three-night pageant at the Pleasanton Fairgrounds on June 26, 27 and 28, during the Fair. The show would depict the beginnings of the county 100 years ago. Members voted to allow the commission's executive committee to negotiate with theatrical firms and prepare a budget for submission at next Tuesday's meeting in Oakland.

Judge Allen G. Norris of Centerville is vice-chairman of the commission, which is headed by Supervisor Chester E. Stanley.

During his second term as president, Cleveland vetoed 163 bills.

Cub Dinner Monday

Newly formed Cub Pack No. 1 in Niles will hold their Blue and Gold pot-luck dinner at the school Monday, February 23, at 6:30 p.m. All families with boys 8 to 10 years old are invited to bring a hot dish and learn about cubbing.

Visit in Niles

Week-end guests at the home of Mr. and Mrs. Dan Marble in Niles were Mr. and Mrs. Floyd Locke of Clear Lake Oaks.

DECOTO SCHOOLS GET $250,000 AID

Decoto School District trustees last week accepted $250,000 in state aid which will enable them to build an auditorium, cafeteria, shop buildings and offices at Barnard School.

The school now consists of 13 classrooms and a crowded office, and accommodates more than 375 students.

Trustees told the architectural firm of Ponsford and White of Oakland to proceed with blueprints for a cafeteria, kitchen, auditorium, music room, shop, homemaking room, multipurpose room, bathrooms, and physical education offices.

Completion date for the additions is estimated for late 1953 or early 1954, according to Supt. Harold Schoenfeld.

The trustees, Alwin Searles and William S. Davis, also went on record against the proposed water-rate increase for Decoto.

IRVINGTON NEWS

By PATSY PEREIRA

MR. and MRS. FRED KUHNE and family motored to Santa Rosa to visit with Mr. Kuhne's family.

THE LADIES AUXILIARY of the Irvington Fire Department gave Mrs. William Rose a housewarming Tuesday. The Roses have just moved into their new home on Union Street.

PRINCIPAL GUS ROBERTSON is back on the job after a bout of flu.

THE WEEK-END was a busy one for the Tom Pereiras. On Friday Mrs. Pereira's mother, Mrs. Frank Azevedo, spent the day with them and celebrated her birthday. On Saturday the Pereiras attended a bridal shower given for their niece, Mrs. Bob Mercer of Hayward. She is the former Joan Pereira of Niles. On Sunday the Pereiras motored to Santa Cruz.

MR. and MRS. I. H. BRUMMETT of Nebraska, who have been spending a few months at the home of their daughter and son-in-law, Mr. and Mrs. E. P. Leach, have left for Southern California.

THE ALTON BESTS are the proud owners of a new car.

MRS. FRED KUHNE is up and around after a tonsil operation.

THE BOND FAMILY is settled in their new residence on Irvington-Mission Road.

THE MATTHEW GREGORYS of Monteca and the Kenneth Gregorys of Livermore visited the Lloyd Shepherds Sunday.

DONNY LEACH and Ronnie Sand were guests of the Youth Fellowship Group of San Leandro at a skiing party in the Sierras over the week-end.

THE WHITE FAMILY has a new truck.

PFC. MARVIN PEIXOTO was home over the week-end from Fort Ord.

SEABEE JOHN SHARP was home over the week-end.

MR. and MRS. VAN GRUANGENING and daughter of Los Altos visited Mr. and Mrs. Joe Burnsed and family Sunday.

RAY MONA BASS and Luella Kuhne went shopping in San Jose Saturday.

MR. and MRS. ED HAYNES and daughter, Jackie, were dinner guests at the home of Mr. and Mrs. Nick Polito in San Jose last Sunday.

IRVING ALAMEDA has graduated from Leadership School in San Luis Obispo. He is in the Army Signal Corps awaiting orders to be shipped overseas.

A VALENTINE PARTY was held at the home of Mr. and Mrs. George Enos to announce the engagement of their daughter, Dorothy, to Laverne Ferreira of Newark.

THE A. E. ALAMEDAS are sporting a new car.

CPL. MEL ALAMEDA, son of the A. E. Alamedas, is home after serving 20 months overseas. He has received his discharge and is back at work with the L. S. Williams Co. Last Sunday Mel's family celebrated a belated Christmas dinner with all the family together for the first time in two years. Other guests were the Wes Emerys from Alvarado and the G. G. McClains. Mel and his wife, Lorraine, are living in one of Mrs. Martha Stone's cottages.

SPORTS SPOTLITE

By B. H.

(This week we bring you the first of a new series of sports profiles on athletes at Washington High.)

Our first two sports figures are the Huskies' two starting basketball forwards, Tony Nieves and Jim Bolivia.

Tony lives in Decoto and is a senior at Washington. He plays baseball, basketball and football, enjoys baseball most. Tony started playing in grammar school. Though only in the eighth grade, he played first base on American Legion teams. He has held down the first sack for three years for the Huskies.

Tony bats and throws left-handed and is considered by Baseball Coach Irv Hird as the smoothest-fielding high school first baseman he has ever seen.

In basketball, Tony has equal ability. He has played on Coach Clyde Voorhees varsity quintet for two years. Due to a shoulder separation, he didn't have much chance to see action in football.

He is president of the senior class. The future? Tony says he's not decided.

Bolivia, better known as "Wally," also born in Decoto, is also in his last year at Washington. He plays basketball and football.

Wally has played two years on the varsity basketball team, both years on the starting outfit. Last year he earned a place on the second-string "All S.C.V.A.L." teams, and was second in team scoring.

Bolivia has played two years of varsity football. This year near the end of the season he suffered a fractured wrist. Due to this injury, he was forced to miss the first few weeks of basketball. He plays first-string right end on the football squad, and was noted as an excellent pass receiver.

Wally has no definite plans for the future either.

OLK, RIGMAIDEN STAR, HUSKIES TRIM MT. VIEW, SWEEP TO SCVAL CAGE FINAL

By BOB HIRD

Coach Clyde Voohees' classy, cagey Huskies moved one step closer to another S.C.V.A.L. pennant—or at least a share of it—last Wednesday, edging the Mountain View Eagles 59-57 in a game that featured excitement throughout.

The win knocked the Eagles out of first place and left the Huskies, Fremont and Campbell in a three-way tie. The Indians defeated James Lick 54-33, while the Bucs whacked Los Gatos 61-33.

The Husky-Eagle tilt was the top clash of the week and it was nip and tuck all the way.

Voorhees' five had a good first quarter. They poured 21 points through the hoop to the Eagles' 15. The Malemutes literally "fast breaked" Mountain View to death during the first eight minutes.

Both clubs resorted to ball control in the second period and scored only 10 points apiece. The Washingtons led 31-25 at the half.

In the third period, Center Art Ball and Forward John Lozano rallied the Mountain View forces and led the Huskies by two points going into the final period, 45-43.

The fourth quarter was a real thriller, the lead switching back and forth with breath-taking quickness.

Deciding factor of the contest came in the last 20 seconds. With the score knotted 56-all, Husky Center Antoine Rigmaiden received two free throws. Then, because of the booing from the Mountain View rooting section, he was awarded another charity toss. Rigmaiden sank all three. This assured the Huskies of victory.

Voorhees credited Guard Allen Olk for a lion's share of the win. Olk not only poured 21 points in, but controlled both backboards, and hit on 11 of 14 free throws. Rigmaiden followed Olk with 12 points.

The Eagles Bell topped all scorers for the evening as he tanked 26 points.

Tomorrow night the Huskies travel to San Jose to face the James Lick Comets in the final game of the season. A win for the Huskies will assure them of at least a co-championship, since Fremont and Campbell, the other leaders, also meet.

The Comets have won only one game, but are reported "high" for the Washington contest.

Husky box score:

	FG	FT	Pts.
Bolivia	0	2	2
Nieves	2	2	6
Rigmaiden	3	6	12
Santos	2	0	4
Olk	5	11	21
Orozco	3	2	8

PUPS LOSE ONE TO EAGLE FIVE, 41-38

Washington High's luckless B quintet lost another tight contest last Wednesday to the Mountain View Bs, 41-38. It was the third straight defeat for the Husky lightweights.

The Eagles jumped to an early first quarter lead of 8-6 but the Puppies, behind the shooting of Forward Bob Hird, rallied and led 20-18 at the half.

The Eagles came strong in the third period to tie the score at 26-26 going into the final period. Then in the last 20 seconds the Eagles bucketed four quick points for the win.

Ray Orozco paced the Junior Huskies with 17 points.

Washington box score:

	FG	FT	Pts.
Hird, F	4	0	8
Agrella, F	2	2	6
Orozco, C	6	5	17
Mahusay, F	2	0	4
Velarde, G	0	1	1
Anchundo, G	1	0	2

Score by quarters:
Mountain View 8 10 8 15—41

From faraway places—more oil for you
In Sumatra back in 1924, Standard geologists began mapping possible deposits of oil. But not until last year did Sumatran wells start adding to available oil supplies. This operation, costing some $62 million to date, was pioneered by Standard. It is now carried on jointly with The Texas Company under the name "Caltex."

Into San Francisco Bay come tankers carrying Sumatran crude—returns on the long gamble Standard undertook nearly 30 years ago. Other shipments go elsewhere in the world, aiding progress and adding defensive strength. Four friendly nations in particular benefit directly. First, of course, is the young Indonesian Republic, of which Sumatra is a part. Then Australia, Japan and the Philippines. They produce practically no oil of their own, but will be supplied in the near future by refineries which Caltex is helping to build. ¶ And, of course, the Sumatran oil brought into this country helps keep you in gasoline and the many other petroleum products you've come to rely on. ¶ Standard's activities abroad, typified by this flow of Sumatran crude, are constantly being expanded, as an added guarantee that petroleum needs of the free world will continue to be met.

The miracles that come in cans
Once upon a time oranges were rare, expensive luxuries. Only the richest kids in town could afford them. If you were lucky you got one a year—in the toe of your Christmas stocking.
Today, millions enjoy healthful orange juice packed in cans. The vitamins and minerals you get this way are just one example of an everyday miracle of modern living that every California family takes pretty much for granted.
What brought about this miracle—and many others like it? The answer is simple. It was your demand for better, more appetizing, more healthful foods of all kinds. These demands were met by American business (including American Can Company), devoted to bringing you better products at lower cost.
Satisfying your needs has created thousands of jobs in farming, food processing and distribution. It has required a lot of research—which has produced better and more convenient food containers. It has increased and stabilized farm income. It has even meant higher property values in some areas.
In fact, it would be hard for you to go through a single day without enjoying many of the benefits that have resulted directly from the activities of the canning and can-making industries in your State.
The 35,000 American Can Company people are proud of their part in this story of industrial progress.
Your free choice in buying more and more of what you need in cans has enabled them to perform many miracles in the past—and to promise even greater things in the future.

LET'S TRY AGAIN

The unscheduled donnybrook at the Niles Chamber of Commerce last week served to sidetrack some answers many people are interested in. Supervisor Stanley was asked to handle some pretty broad questions, and it seems to us it would be fairest to split them into three sets, for purposes of editorial review and comment.

The first set was personal, or at least Mr. Stanley chose to make it so: does he work hard enough to justify the $674 a month the taxpayers give him. Like the vice-presidential nominee in the recent election, Mr. Stanley gave a detailed personal defense. It was an exhausting description of what might be called "My Day," starting with ringing bedside telephones at 6:30 a.m. and ending with protracted public meetings until midnight. There seems no question that Mr. Stanley is an energetic and conscientious public servant. On that basis, he probably deserves a raise.

The second set of questions come under the heading "Why Ask the Legislature Instead of the Voters to Raise Your Pay?" Here Mr. Stanley ventured onto shakier ground. Voters normally are cantankerous, he implied. They delight in turning down raises for public officials. Therefore, some years ago Alameda County put the whole matter in the hands of the State Legislature, which, being made up of public officials, is likely to be more sympathetic. The switch was made by charter amendment, voted by the people of this county. This editor wasn't around and thus had no idea what arguments were used. He can think of some on both sides.

Anyhow, citing examples, Mr. Stanley pointed out Los Angeles County ties its supervisors' salaries to those of its superior judges—$16,750 a year—and said he feels maybe that's the way it ought to be here. We disagree with this reasoning. Superior judges in Alameda County get $16,750 a year too. But they must be top-notch legal minds, trained and qualified for the job. Although it would be fine if supervisor candidates were, too, the fact is they don't have to measure up to the standards expected of judges. If they did, then maybe they ought to get judge's pay.

Of the pension plan for supervisors, Mr. Stanley commented only that it had been proposed by another supervisor—Mr. Bartell, and that it meets the accepted practice in industry. This is an issue that needs lots more study, it appears to us. How much should the supervisors have to contribute, for instance? And why is this added incentive necessary?

Finally, the third set of questions involved the issue of whether the present supervisors are doing a good job with public roads, and the County Fair. The road issue was obscured by questioners who were uncertain of the difference between State-financed and County-financed roads. Mr. Stanley however shifted to the big picture, saying maybe monorail transit would solve the problem. This tactic took the heat off, but left the roads dangling.

To pointed questions about the Fair—why it is held at an inconvenient date for farmers, why Promoter Bill Kyne gets $1500 a day, why a $150,000 racetrack grandstand is being built, why a bar is maintained for brass hats—Mr. Stanley replied, in essence, that racing brings in the most revenue, and these things have to be done to protect racing. However, he added, other recreational items are planned with the parimutuel money: swimming pools, floriculture buildings.

Summing up, Mr. Stanley answered fully about his own work, answered to his own satisfaction the raise and pension issue, and really didn't answer the Fair and roads question at all. In fairness to him, it was too short and too hot a session to do justice to such far-reaching matters. There was too much confusion and partisanship evident on both sides, as for instance when one Stanley backer precipitated the Fair argument before the salary problem had been properly wound up.

This newspaper believes the public deserves to know everything about how it is governed, everything about the theories and policies of those who do the governing. To this end, we recently opened our letter columns to Mr. Stanley's views and to those of people who differ with him.

However, we also believe that nothing can be gained in an atmosphere of narrow partisanship and bad temper. We would like to see the question-and-answer approach tried again. The next time there ought to be better preparation on the supervisor's part, now that he knows what will be asked. Also there should be more objective quizzing from the folks who pay the bills—if they really want the answers, that is.

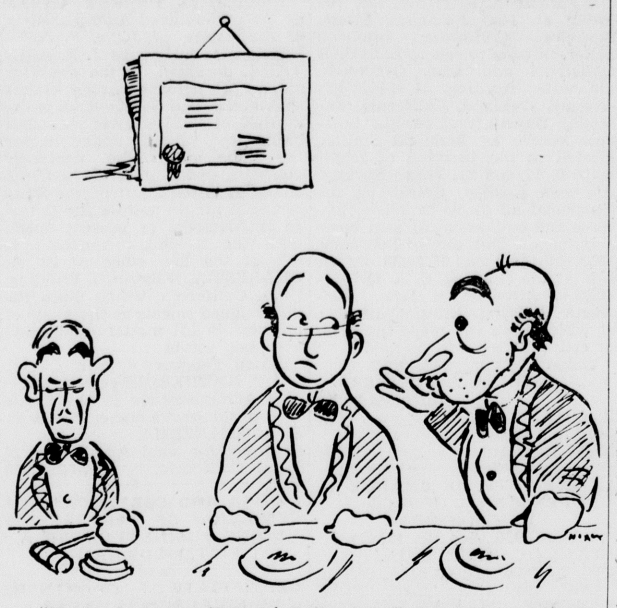
Rotary Ladies Lunch

Wives of the Niles Rotary Club will be luncheon guests of the membership February 26 to hear Toichi Domoto lecture on camellia care, according to John McDonald,

NEW SALESMAN

Meade Drayton, formerly an International Harvester salesman in Montana, has joined the sales staff of Arthur C. Day Implement Co., of Centerville, according to Elwood Johnson, manager.

TOWNSHIP TOM : : : : : By Nixon



"Maybe he knows Roberts' Rules, but if somebody mentions the supervisors' raise we might hafta switch to the Marquess of Queensbury."

MYSTERY MAN HAD A TRIP ON 'UNCLE'

Last week's mystery biogaphy concerned a minister, the Rev. Arthur Freeman of Centerville. This week we give you another familiar Townshipper — can you guess who without looking through the paper for the answer?

He was born in Niles, the year was 1920. His father belonged to an ancient and honored profession whose members are celebrated in rhyme as mighty men.

Our hero went through grammar and high school here, was president of his class twice at Washington Hi. After graduation, he entered a large institution as a bookkeeper, worked up to an assistant manager's job. Then came the war.

He joined the service in 1942. Africa, Italy, France all saw him, still doing much the same work he did in Niles. France he liked best, but declines specific comment—"for publication."

He was discharged in 1945, went back to work at his old job. A few years ago he left to manage the office of an independent local concern. He is still managing it.

He was Niles' first Cubmaster, then president of the local Junior Chamber of Commerce, even during the war when he was granted leave-of-absence. Still interested in civic affairs, he was active—and on the winning team—in a recent election.

A little while ago he was best man at a friend's wedding here. The maid of honor was a comely lass, daughter of an old Niles family. Now she is Mrs. Mystery Man (does that make her mysterious too?) and the mother of a small son.

Guess Who?

The Ob River, which has its source in the Altai Mountains, U.S.S.R., is approximately 3200 miles long.
